

Celebrate World Blood Donor Day, June 14th, 2022, by scheduling a blood donation today!

- Cannabis consumption does NOT impact donor eligibility
- Due to the pandemic, widespread cancellations of blood drives has led to a critical blood shortage
- Cannabis consumer demographics make for an ideal, diverse donor pool
- A [recent study](#) suggests cannabis usage is associated with an increased sense of prosociality and prioritization of humanitarian behaviors

Bud for Blood believes cannabis consumers are the solution to the blood shortage! Prove us right by scheduling a blood donation today! Make sure to take a donor selfie and tag it with #budforblood on Instagram so we can show the world what compassionate members of communities look like!

If you are located in the United States, you can get a free “Team #BudforBlood” hemp t-shirt with proof of blood donation by submitting a donor application on the <https://Budforblood.com>
